Subject: SB 879 Breast Density Education

April 28, 2014

The Honorable James Marleau
Chair, Senate Committee on Health Policy
Michigan Senate
PO Box 30036
Lansing, MI 48909

Re: Support for SB 879 Breast Density Education

Dear Senator Marleau:

I am a female business owner of Superior Environmental in Grand Rapids, MI, with 79 employees, 22 of those employees are women for whom we provide health care benefits. I strongly support Senator Hildenbrand's Breast Density Education bill, SB 879, because women need to know when their breast density puts them at *increased risk for cancer*, and that breast density can *hide cancers on a mammogram*. That way, they can discuss additional screening tests with their physicians and protect themselves against a delayed diagnosis. This is not only good for health cost savings, but will save women's lives.

Sincerely,
Vaughn Quince
Chairwoman
